#### Track Descriptions

**Tracks A & B** - This conference offers two veterinary concurrent tracks that allow attendees the opportunity to customize their learning experience. Both tracks offer cutting-edge feline research and the latest information in feline medicine. You can choose to follow one track exclusively — or you can jump between tracks, based on your own interests and needs.

**Para-professional Track** - This track is designed for technicians, practice managers, and other hospital staff who consult with clients.
### COMBINED TRACK
